

Slab constructed vessel 36" x 12" x 6" Vine, rattan and cane additions. Iron wash with rutile and copper glazes.

JAN 20-21 2018

FIRST CITY ART CENTER Pensacola, Fl.

The purpose of this workshop is to help other ceramic artists of all skill levels who are seeking to advance their hand-building work to a much larger scale. The use of templates, slump molds, props and other forms to pre-shape the clay until leather-hard before assembly will be demonstrated. Handle-making and the attachment of other materials will also be dealt with, and participants are strongly encouraged to bring materials they would like to integrate into their work.

Thinking Big

Making Larger Vessels

A Workshop by

Harry Welsch

Harry brings 45 years of experience to constructing larger vessels. Let him show you how to express your ideas on a larger scale than you thought possible.
